PROFILE SUMMARY

Full-Stack Developer skilled in **React, TypeScript, Java, Spring Boot**, and **Firebase**, with hands-on experience in building scalable web apps and cloud deployments. Delivered projects using **AWS EC2, Kubernetes, Argo CD**, and CI/CD pipelines, focused on performance, user experience, and automation.

EDUCATION

Allana Institute of Computer Application and Information Technology

pune, Maharashtra

Master of Computer Application

2023–2025

- Represented university in Technical Fest
- Top 5% in Academics

Christ college pune

pune, Maharashtra

Master of Computer Application

2020 2023

- Represented university in Technical Fest

SKILLS

Technical skills:

Tools: Python, SQL, C++, Java, Docker, Jenkins CI/CD, AWS, git, React Js, MongoDB, Node js, Firebase

EXPERIENCE

Internships

pune, Maharashtra

Junior Java Developer

08/2024– 05/2025

- Implemented an end to end java backend for a Logistics Application.
- Designed RESTful APIs using Spring Boot, integrated MySQL.
- Maintained security and robustness of the application.

PROJECTS

Voting App using AWS EC2, Kubernetes, Argo CD

start –end

- Deployed a scalable Voting App on **AWS EC2** using **Kubernetes** and **Argo CD** for automated, GitOps-driven CI/CD automation.
- **Reduced** deployment time by **60%** and **ensured 99.9% uptime**, improving reliability and scalability.

Personal Portfolio

start – end

- **Developed** a personal portfolio using **React, Tailwind CSS**, and **Firebase**, and **deployed** it on **Netlify** for seamless web access.
- **Enhanced** performance and responsiveness with modern UI components and optimized routing for better user engagement.

Safa-Cyber Point

start – end

- **Developed** a digital services platform using **React, TypeScript**, and **Tailwind CSS**, offering 10+ essential government and private services.
- **Integrated** WhatsApp for real-time support and **optimized** for mobile-first access, enhancing reach and user experience.
